Customer Reviews

It's basic, it covers the most basic. That said after a good sit-down and read-through I did find myself better able to track what was happening with our beleaguered USMNT Rugby squad (against Fiji- ouch).Perhaps I'll look to get the "expanded" edition but in the meantime this version is adequate for the basics, as its name implies.

As a new rugby spectator, I did not understand the game. This book contains clear descriptions and diagrams. I had enough understanding after reading that I was able to help explain the game to

others. Great beginner guide to a complicated sport!

Good for the novice Rugby follower. A good start and easy to follow. I also liked it's sense of humour

Easy to understand and brief. Ideal for beginners.
