Customer Reviews

It was so wonderful to have a book, let alone a wonderful note written personally to me. Libros4you is very kind and loving. The book came pretty well on time, and I would recommend them for orders!! :)

I rented this textbook for a class. It was exactly what I needed. I love renting textbooks through . Great prices!

Good book, but some of the printing was not legible (too faint).

I wish I'd discovered this earlier I could have saved myself a lot of money and wasted time at the book store! This is my first time renting a textbook from and so far it's been a great one! The book looks like new and came exactly when promised. They even offer free book return. I'm beyond excited to discover this option and I've shared it with my class and fellow students.

It's an intermediate algebra book.
