Customer Reviews

Quick and easy way to improve your game! My release was improved giving me more strike-power. I was actually surprised when I got my first triple!!! Using the timing tips seemed to be the biggest help for me. Also, the thought processes described has helped me to control my emotions and get on with the game. Now my average has improved! This is a short but packed book. Thanks, Larry!

I used to teach bowling at the collegiate level and was looking for something I could use to help a

friend improve. This isn't it. Maybe for someone who is just beginning it's okay.
