WHOAAAAALY MOLEY!! WOW! Just...WOW! What a fangtastic vampire tale! It is very intriguing, sexy, mystical, appalling, hot, magical, appealing, creepy, funny, snarky, shocking, passionate,

awesome and oh so fangelicious all rolled up into this storyline that doesn't just grab your attention, it yanks you so far into the storyline that everything Jade feels, so do you! Right down to the very depths of your soul! Jade is one unique character that is hard to explain, yet I loved her all the same. At times I thought she was in her later twenties, other times late teens, but yet I was still surprised when I did find out how old she really is! In some ways (the "normal" ones) she was a character I could totally relate to, understand why she did the things she did, but other times she reminded me of a 4 yr old who missed her much needed afternoon nap! Or a spanking. LOL Yet through it all I found myself rooting for her, admiring her, crying with & for her and yes, I will admit it, I was even a little jealous of her! I mean come on! Not one but TWO vampires vying for her attention? Maybe in different ways (I was nothing better than vampire bait), but still "TWO VAMPIRES!!! I love how the characters are all given their own story within the story. The vampires all have these unique abilities, or powers, how they came to be, etc. If you take all of these pieces - from the humor to the fear, the sass, the anger, the humans, vampires and everything else that this story encompasses, well, I find it all very over-the-top PERFANGTION! Thea has woven all of these parts together so magically that you can't help but be held spellbound! It all works together so beautifully, creating this fangtabulous story that by all rights should be too busy and/or hard to follow, but it isn't!
