## **Customer Reviews**

Problem with this book is that it is very small.I want to know more about Jalal AL Din Rumi.This book tells many things about this person in short way.Little biography of Rumi is given in this book.Some words of wisdom from Rumis writings are also given in this book.Very small but interesting book this is.

Lately I've been very much into meditation, mindfulness, yoga and other methods in my path to inner peace. I found out about Rumi through a friend and have been very intrigued since. I just love Rumi's ideas and ideologies of life, happiness and love. There are few in the world to give out such wise words. Rumi is one of them.

Very impressive book to read! This is very helpful book. I am about to take the course online but I am glad to have found this book. I know that this will help me with stress and be more productive with work and life. The main thing that I feel for anyone especially myself is that if we can redirect our brain from always going to the negative, bad and etc. This would be a great thing for everyone. So much worth reading book!

Very insightful book. Offers great knowledge on Rumi, his teachings, as well as great introduction of him. If you are keen on finding the best book for Rumi, check this book out. Would highly recommend to anyone.

This book gives a philosophical view of time's teachings. It gives the reader a great view of how rumi's teachings impact life. It is a read worthy of your time.
