Customer Reviews

My 10 year old daughter enjoyed this book. She has used it for a class book report. She had no problems with the reading level, but did notice some editing errors. She was thrilled with all she learned about Shawn Johnson.

I bought this during the Olympics when all of the Shawn Johnson commercials were airing. What a horribly written book! There are a ton of spelling and grammar mistakes as well as not enough information to keep the reader interested. The author gives an explanation of minor moves such as a "double double" but doesn't explain what moves are such as a "Yurchenko double twist." The structure of this book and how it reads is similar to an essay that a middle school student would write. Don't waste your money!

It was fun to read but there were some grammar issues. You had to try to figure out what it would really say.

Bought for daughters 5th grade book report. Great photos, grade level read. Answered the question, why was Shawn Johnson important enough to have a book written about her.

Amazing book

My granddaughter is a dedicated gymnast and adores Shawn.

My 9 year old read this book for a book report. She loved it and wrote a great report on Shawn Johnson's life story.
