The Modesty Cure

Synopsis

Desperate to escape an unwanted marriage to an unsavory man, eighteen-year-old Amanda Eaker is delighted when James Coventry, a handsome gentleman with powerful connections, promises to rescue her. But after she is spirited away in his carriage late at night, Amanda soon learns that James has very specific plans for her, and those plans leave no room for her modesty. Amanda is to be enrolled in a unique school run by James's friend Dr. Reginald Brown, whose specialty is teaching particularly innocent brides to surrender their bodies fully to the men who will be their husbands. Her protests upon being informed of this merely earn Amanda a sound spanking on her bare bottom, and before long she is blushing crimson as she is led naked from James's carriage into the school that will be her home until he makes her his wife. Though it seems that each new lesson from James and Dr. Brown is more shameful than the last, Amanda finds that submitting to her future husband's practiced dominance is more pleasurable than she could have ever imagined. But will a modest girl like Amanda ever truly be ready to offer herself completely to the man she has grown to love? Publisher's Note: The Modesty Cure includes spankings and sexual scenes. Customer Reviews

I received this book from Stormy Night Publications in exchange for a fair and honest review. As usual with an Emily Tilton story, it is well written and has good editing. It is a shorter story but has a very satisfying ending for everyone in the story. If you like the Institute series, you will enjoy this.

I really wanted to give this book a higher rating but just couldn't. I usually love Emily Tilton's books but this one didn't do it for me. It was shorter than I expected and had too much Doctor jargon in it. I wanted more feeling in the book and less talk about how a "Natural Man" gets his rights and you are a vessel that he can use. It didn't have the depth of erotica for both parties. It was still a good book. I only gave this a three rating but all and all I would recommend this book to others. I'd wait until it went on sale :)

I took a chance with this book. I had never this other before. And after reading this book I will not be reading this other again. I was unable to finish it due to a lack of depth for the characters and a very sterile method of description when relating to the relationship of the main characters. I do enjoy a good, hearty, sexy, steamy, BDSM book so I wasn't put off by the storyline. It is truly just how it is written that left me cold.

Another smoking hot winner from this author! It offers everything I have come to know and love; well written with a detailed plot, smoking hot steamy stuff, and characters that you can believe. Very nicely done, once again! I received this book from Stormy Night Publications as an Advanced Reader Copy.

I received this book from Stormy Night Publications in exchange for a fair and honest review. The institution is back with the help of the doctor in his instructions for sexual and anal play. The discipline issues it was a good book

Amanda has to marry a man 40 years older for her family's security. When she meets James he promises to rescue her and take her away to a better place. What he has in mind is not what Amanda thought. She is taken to a school run by Dr. Brown. There she is taught all the ways to submit to a man who will be her husband. She must learn to do all sorts of embarrassing things to let go of her inhibitions. She learns to surrender her body to prepare for the man who will be her husband. Her defiance earns her punishment but she learns to enjoy it all as she does. Another good Emily Tilton. I received an ARC of this book from Stormy Night Publications in exchange for an

honest review.
