God Quest: The Shaping Of My Life

Synopsis

The world that we know today is a far different place than that of what our Creator intended. With each daily news cycle we are reminded that our planet is filled with war, increased lawlessness, and human suffering. These conditions are not what God created for mankind. Instead, all that is wrong with our imperfect world was produced by mankind through the influence of evilness and sin. But, why would God allow this to happen? Our world is seemingly shrouded in mystery, and all my life I have been very curious about a great deal of unanswered questions that mankind has pondered for centuries. The scientific community is forever forming opinions and conclusions based on what is believed to be factual, but how often does modern science actually conflict with the true Word of God? This book is a collection of lifelong questions, perspectives, and beliefs that I have been holding captive in my mind since the age of four. It is not my intention to change the mind of anyone regarding their personal faith or views on life, but instead to simply share my own life path of soul-searching. A journey that I once so deeply guarded.
