Sensing Danger (A Sinclair And Raven Novel Book 1)

Synopsis

From #1 bestselling author Wendy Vella, comes a captivating new series that will have you enthralled from the first page! A Legend says the Sinclairs heightened senses are a result of a long ago pact between them and the powerful Raven family. To Honor and Protect is their creed, but the current Duke of Raven doesn't make their task easy. Arrogant and aloof, James, Duke of Raven, is determined to forge his own path and to hell with folk tales that his ancestors created. But when the breathtaking Eden Sinclair saves his life by risking her own, their past resurfaces, and with it comes the uncomfortable realization that they are linked by more than history. Eden is forced to see the man behind the cool, haughty façade when she must use her special abilities to keep him safe. His suspicion of her soon turns into something else, something far more dangerous. Eden is torn between duty and self-protection. Does she have the strength to fight fate, in order to protect her own heart?

Customer Reviews

I received an ARC for an honest review. What a great idea - mix the Regency time with a slight paranormal addition! The Sinclairs have been gifted extra powers to help them as they protect the

Raven family. The story starts out as Eden saves the life of James who is the Duke of Raven. There is so much depth to this book with danger, intrigue, and romance. Both James and Eden have things in their past that they need to overcome but at least Eden has the support of her large family. James just found out he has a young sister and has no idea how to connect with her and at first is a very formal, stuffy lord. I love to see the progression of James with his younger sister as he learns to interact with her and love her. It is painful to read when James tells Eden that he can love his sister but not Eden, ouch - not what I would want to hear when a guy proposes marriage. I see that there is another book to follow about Devon and Lilliana - that was an unanswered part of this book - what is going on with them!!?? I can't wait to find out what their story is about!

4.5 stars - Wonderfully engaging. Chock-full of intrigue, familial devotion and the discovery of love. I'm not a huge paranormal fan, some of it is way over the top for me. Not so with Vella's *Sensing Danger*. If you like paranormal romances, you will enjoy this read for the elements it showcases. If you don't normally go for the paranormal, fear not. There are no other-worldly shapeshifting episodes, obscure dimensions visited or vampires. What this is, is a very well written regency romance with a sure thread of paranormal to make the story come to life. I received a complimentary copy of this book, from the author, in exchange for a fair and honest review.

For me this isn't Vella's best work and I normally like her books. This one started out with a thrilling opening, but after that the main female and male protagonist fell flat. I never felt James and Eden's emotional connection, and the emotional angst felt contrived and it was followed by a lot of talk and no emotional depth. I was also perplexed by Vella using modern language and mannerism in the Regency romance with a dash of paranormal. I loved the premise but the execution was not what I have come to expect from the author. I understood she wanted to set the Sinclair's as unique but their reactions and actions truly seemed over the top considering the time period.

I am a huge fan of Wendy Vella's and was so excited to find a new series by her! The lives of James, Duke of Raven and Eden Sinclair were bound years before their meeting. Like her siblings, Eden is blessed or cursed, depending on how you look at it, with a heightened sense. It is this sense that helps with her saving the Duke's life. This romantic read is filled with suspense and anticipation, but the bottom line is they cannot fight fate!

This was a great read Wendy Vella. A little bit of everything. Love the idea of the "heightened

senses", it adds a new twist to the romance / mystery of the book. Cant wait for the next one!

James, Duke of Raven and Eden Sinclair made an interesting pairing when they managed to come together. You wouldn't think so, with him being arrogant and aloof and having his own set of demons, and she, being somewhat unique and very special, but, they really did make an interesting pairing. It had intrigue, suspense, humor and mystery and it held your attention quite nicely to the end. It had very likeable characters and you liked them a lot, so if and when you get a chance to check it out, check it out and enjoy.
